What the hell
Everybody ends up dead
It's just a matter of when
Prevail

Trapped in a web of lies
I've never seen the truth
When they stare me in the eyes
Death to the ones who betrayed
Every single chance that I give every day

Break all the chains that bind
All these things are lost in the cries
Break everything that will come
The chance to overcome

Never seen the face of defeat
Never felt the cries of the weak
When everyone sought a surrender
This world is over

I will rise in the end
Sever the souls that bled
I will be discouraged
And turn it into rage

Prevail, the time has come
Crush the enemy, one by one
Prevail, like a venomous snake
Ready to strike and dominate

Prevail, we conquer as one
Pound the enemy 'till it's done
Prevail

What doesn't kill you
Makes you stronger and bigger
What has to be to get thy
Quicker and faster

I turned these tables around
And wait to break you down

Her praise I want to feel
This day will start with death

Trapped in a web of lies I've never seen the truth
When they stare me in the eyes
Death to the ones who betrayed
Every single chance that I give every day

Break all the chains ties that bind
All these things are lost in the cries
Break everything that will come
The chance to overcome

Never seen the face of defeat
Never felt the cries of the weak
When everyone sought a surrender
This world is over

I will rise in the end
Sever the souls that bled
I will be discouraged
And turn it into rage

Prevail, the time has come
Crush the enemy, one by one
Prevail, like a venomous snake
Ready to strike and dominate

Prevail, we conquer as one
Pound the enemy 'til it's done
Prevail
