Where is this paradise?  
This heaven you call my life  
Don't test my patience  
Just to give it one more chance

To believe that destiny could change  
To believe that I can tame this rage  
I'm lost inside this world  
I'm lost inside myself

No more resistance  
No more truthful essence  
No more substance  
No more meaningful lessons

Don't try to justify  
The life you crucified  
All the lies are written in the skies, [Incomprehensible]  
I'm immortal but ready to die

Watch the angels fall  
They drop tears of blood  
I think my life is fading away  
Yes, yes, I'm swept away

Serenity in fire  
Serenity in fire  
Serenity in fire

My heart, one with the dark  
My soul trapped and gridlocked  
Serenity in fire

Spread your wings  
As I strike them down  
I'll strike them down, down  
I'll strike them down

Yeah

I'm lost inside this world  
I'm lost inside myself

No one can change this world  
You made hell

No more resistance  
No more truthful essence  
No more substance  
No more meaningful lessons

Don't try to justify  
The life you crucified  
All the lies are written in the skies, [Incomprehensible]  
I'm immortal but ready to die

I'll strike you down, down  
I'll strike you down, down  
Down, down, down, down
