Winds rip through glass  
Fragments in my eyes  
The world torn apart  
Swallows me in

The sea rages on  
Mankind drowning  
I see the burning souls  
Lost into the sky

Sentenced, there's no escape  
I bleed for your sins  
The cries of the children denied, engulfs the echoes of  
hope  
Enter thy domain and listen to the sirens of hate

Pain sucks me in  
There's nowhere to run  
Plagued by innocence  
Guilty as sin

Buried underground  
Darkness enthroned, vision devastation  
Witness the storm land, storm land, storm land, storm  
land  
Storm land, storm land, storm land, storm land

Sentenced, there's no escape  
I bleed for your sins  
The cries of the children denied, engulfs the echoes of  
hope  
Enter thy domain and listen to the sirens of hate
