Everything comes falling
Like leafs fall from a trees, natural progression
Everything comes falling
Like rain falls when Gods cry for our salvation

Ride through endless sin to the mountains of despair
Break through all the things you couldn't do
Suffer inside, everyday living a lie
Cleansed by those feelings you try to deny

Everything comes falling
Like tears flow from a soul full of sorrow
Everything comes falling
Like blood drips from a bruised aching heart

Fly to the bludgeon sky
Look at terror's eyes, embrace the full aura
That will consume your everything
Abandon your destiny to reach uncertainty
With nothing left to see you'll fade away

Gone are all the feelings
That battle has just begun
Die before I fall
My kingdom stands tall

Bleed my fatal blade
The rupture has just commenced
Die before I fall
My kingdom stands tall

Ride through endless sin to the mountains of despair
Break through all the things you couldn't do
Suffer inside, everyday living a lie
Cleansed by those feelings you try to deny

Gone are all the feelings
That battle has just begun
Die before I fall
My kingdom stands tall

Bleed my fatal blade

The rupture has just commenced
Die before I fall
My kingdom stands tall
