"What We Endure"

A decade in the making,
10 years born through anger,
>From fantasy to reality and into the mind,
Prospered and fallen,
We've open doors that seem forever closed,
Northern Hyperblast legions worldwide [fans of
Kataklysm's unique death
metal]
Loyal to the sounds of devastation
We've walked through "THE MYSTICAL GATE",
Into the magic of "SORCERY",
We've entered the "TEMPLE OF KNOWLEDGE",
Just to fall "VICTIM OF THIS FALLEN WORLD"
Reborn through "THE PROPHECY"
Prepare for this "EPIC" stand!

The fire burns in our heart
There's no fear for the originators
Of the light speed blast - Underground bound!

What we've endured...The ups, the downs
What we've endured...and all the shit that's in between
What we endured...The criticism*

What we've endured...And no recognition
What we endured...for being extreme*

Do you understand...Do you?..
Do you understand who we are?

WHAT WE ENDURED
...The ups, the down
...and all the shit that's in between
...The criticism*
...And no recognition
...for being extreme*

But we would do it all over again,
Because you're the reason we exist!

[*too extreme chaotic for the times in the early 90's
when we started]
