Black theatre of love  
Violet dancers cast their blood  
The moon gave me flowers  
For funerals to come  
12 shapes bow before her  
I am still one of them  
12 morbid ways to die  
Her beauty scares me  
I'm falling deeper  
No more pain to feel now  
Touch the silence  
Afraid of hell

Black theatre  
Violet dancers drink my blood  
The moon gave me flowers  
For funerals to come  
I cannot breathe  
Am losing life  
The moon paints the skyline blue  
She died so beautiful
