In the still eclipse

Every light is a heartbeat

In the spring

Where I watch

The sudden change

I find this so hard

[Chorus:]

Onward into the battle

Time is growing so dark around me

I, shallow one

I burn us out

Day by idle day

Days at the sea

My words are incomplete

In the blind spot

Where I saw you

On the 4th at night

I find this so hard

[Chorus]
