C Em  
Cigarette burns forever  
F C  
The message is spliced together  
Em  
Now I would never let her  
F C  
But where did people go to get her  
Em  
You took me to the private party  
F C  
And swore that they would not cart me  
Em  
Drive careful less they hear ye  
F G G7  
When all the time they learnt to fear you.  
C Em  
The sidewinder drinks and gambles  
F C  
The gold digger strikes his damsels  
Em  
But when I lost the magic sandals  
F G G7  
I said some things I could not handle.  
C Em  
Going 90 off my star  
F C  
So is flashing by as the flame retards  
Em  
Don't you wanna be some other  
F G G7  
And all the people have to drug each other.  
C Em  
I fell into a life of leisure  
F C  
I saw to a path of pleasure  
Em  
Don't it make it that much better  
F G G7  
To find a cigarette burns forever.
