[verse 1]

Wounds that will not heal

Cover the scars of the tortured soul

Like broken machinery

Rusted and in the rain cannot be the same

[bridge]

I am damaged inside

I am burning inside

The hands of time keep on turning

And it's burning my eyes

[pre-chorus]

Love has no meaning to those who have never loved

Dreaming deceiving phantasmagoria

[chorus]

I am damaged I am damaged I am damaged

Just another slave to the system

In this dying world

[verse 2]

All that time reveals

Stare at the scars till you're goin' blind

Like broken machinery

Rusted and sitting there far beyond repair

[bridge]

[pre-ch]

[chorus]

[solo]

[pre-ch]

[chorus]
