

## Catch 22 "Keasbey Nights"

Visit "[Keasbey Nights](#)" on [MotoLyrics.com](http://MotoLyrics.com)

It was the summer of '95  
(So what?)  
In the backyard  
Shaving the old plies  
Feeling so strong  
(Strong)  
Something went wrong  
(Wrong)  
Straight into my finger  
What a stinger it was so long

I still remember that day  
Like the day that I said, that, " I swear  
I'll never hurt myself again"  
But it seems that I'm deemed to be wrong  
To be wrong, to be wrong  
Gotta keep holding on  
They always played a slow song

When they come for me  
I'll be sitting at my desk  
With a gun in my hand  
Wearing a bulletproof vest  
Singing, my, my, my  
How the time does fly  
When you know you're going to die  
By the end of the night  
I said

I still remember when  
We were young and fragile then  
No one gave a shit about us  
Because times were tougher then  
Feeling so good  
(Good)  
Cruising the hood  
(Hood)  
Straight into the real world  
Rich kids never understood

But I don't care  
I can fade away to anywhere

Don't stop because you might get dropped  
And if you do  
Who's going to pick you up?  
Well, I won't  
They always played a slow song

When they come for me  
I'll be sitting at my desk  
With a gun in my hand  
Wearing a bulletproof vest  
Singing, my, my, my  
How the time does fly  
When you know you're going to die  
By the end of the night  
I said, "Hey"

When they come for me  
I'll be sitting at my desk  
With a gun in my hand  
Wearing a bulletproof vest  
Singing, my, my, my  
How the time does fly  
When you know you're going to die  
By the end of the night

When they come for me  
I'll be sitting at my desk  
With a gun in my hand  
Wearing a bulletproof vest  
Singing, my, my, my  
How the time does fly  
When you know you're going to die  
By the end of the night

When they come for me  
I'll be sitting at my desk  
With a gun in my hand  
Wearing a bulletproof vest  
Singing, my, my, my  
How the time does fly  
When you know you're going to die  
By the end of the night  
I said, "Hey"

Hey, hey, hey
