I still remember that night  
It was the fourth of July  
It's still engraved in my mind  
And I'm not surprised  
Gang wars no guns hand to hand  
You're black I'm white he's purple  
But I still don't understand  
I'm going to be alright  
I'm going to be okay  
Everything is going to be fine  
Back off 'cause  
I want to be alone  
I want to think it out  
And I'm thinking that I want to go home  
Look who's laughing now  
I'll pull it off somehow  
As I passed her by  
I could see her cry  
And I'll never forget the look  
That was in her eye  
And the music you know it played  
On & on & on  
So won't somebody tap her  
On the shoulder  
Tell her life goes on

3 years 2 months 1 week 4 days  
I'm always counting down  
Because there ain't no easier way  
Trust me  
You know look that I tried  
And if I said it's easy  
Then you know that  
I told a lie  
I'm going to be alright  
I'm going to be just fine  
One down five billion to go  
Am I next in line  
And do I really want to know?  
Look who's laughing now  
I'll pull it off somehow  
As I passed her by

I could see her cry  
And I'll never forget the look  
That was in her eye  
And the music you know it played  
On & on & on  
So will somebody tap her  
On the shoulder  
Tell her life goes on

I still remember that night
