What would you say if a collie man comes for you?
What would you do if a collie man comes for you,
yeah?
I'm gonna run and steppa
To this here groove, come down to the dance off hall
Grooves tight geta grippa
Come on and dance with me to the rhythm of love

Collie herb man mixed with the sound system
Me got some good karma, it's good marijuana
Come share it with me yeah
Collie herb man mixed with the sound system
Me got some good karma, it's good marijuana

What you gonna do if a collie man comes for you?
What would you say if a collie man comes for you
yeah?
I'm gonna run and steppa
To this here groove, come down to the dance off hall
Grooves tight geta grippa
Come on and dance with me to the rhythm of love

Collie herb man mixed with the sound system
Collie herb man mixed with the sound system
Collie herb man mixed with the sound system
Collie herb man mixed with the sound system
