HANG OUT YOUR HEART

(words A. McGarrigle, P. Tatartcheff, C. Tannenbaum,
music K. McGarrigle/Garden

Court Music, ASCAP Bossy Publishing, SOCAN,
C.Tannenbaum, SOCAN)

There's a freezing rain warning, gale-force winds
forecast

I need shelter until the morning or until this weather is
past

Hang out your little heart for me

Hang out your little heart for me

There're no curtains on your windows, no pictures on
your walls

No comfort in naked shadows, no warmth when
evening falls

Hang out your little heart for me

Hang out your little heart for me

There's a slow train on the sidetrack

And a diesel on the main

Green light says I'm going

Red light says I'm staying

Maybe we can ride that train to somewhere

All the way down the line

I don't need a reason for thinking of leaving

'Cause I'm all messed up and crying

All messed up and crying

There's a low cloud in your garden

That the sun can't burn off today

Do I have to beg for your pardon

Why do you treat me this way?

Hang out your little heart for me

Hang out your little heart for me
