My horoscope warns me don't talk to strangers  
Talk dark and handsome or short bald and plain  
My soothsayer says to sit tight  
And wait for my stars to get rearranged  
So don't talk to me  
Don't bother me  
I'm just waiting for my heavens to change

Move over Moon  
Get out of Uranus  
'cause this house is anxious  
For the sun to come in  
'cause it's on the rise  
It's on the rise  
It's time for my new day to begin  
So move over Moon

I sit at my window  
By the first light of dawn  
Tapping on the glass  
As I worry out loud  
I'm waiting for a wind to blow  
And break up this sinister cloud  
Till the stillness and calm of the early morning snaps  
With the screeching of tires and the honkin' of the  
horns  
They're pushin' and shovin' downtown  
God knows nerves are frayed and badly torn  
Still don't talk to me, don't bother me  
I don't know yet what aspect is formed

Here is my nickel and here is my dime  
Go down to the corner and buy me the Times  
And look it up, look it up  
Tell me if my planets are all in a line  
All in a line

Move Over Moon  
Get out of Uranus  
'cause this house is anxious for the Sun to come in  
'cause it's on the rise, it's on the rise  
It's time for my new day to begin
