nobody finds what their waiting for  
it's a little like an unopened door  
and if you still at the station  
I find it amazing  
waiting unseen to get on board  
get on board

hey I know what your feeling  
your on the outside looking in  
you've got the key's to the answer  
to afraid to imagine  
well you not gonna just walk away

does anybody here wanna find it  
does'nt anybody else wonder why

I will hold on  
to all that I've got  
you always say  
the years they run away  
if I fall down  
I see my mistakes  
I know at least I tried it anyway  
yeah I tried it anyway

how many times will you find that  
people dont mean what they say  
and when your coffee's gotten cold  
and it made you ache  
will you stand up and say  
I wont pay

is it life that's full of surprises  
sometimes you get push to edge

I will hold on  
to all that I've got  
you always say  
the years they run away  
if I fall down  
I see my mistakes  
I know at least I tried it anyway

yeah I tried it anyway

there's a man standing on a corner  
with troubling lines on his face  
he talks to himself  
about day's that were better  
how did he get to this way

I will hold on  
to all that I've got  
you always say  
the years they run away  
but if I fall down  
I see my mistakes  
I know at least I tried it anyway

I will hold on  
to all that I've got  
you always say  
the years they run away  
but if I fall down  
I see my mistakes  
I know at least I tried it anyway  
yeah I tried it anyway  
yeah I tried it anyway  
yeah I tried it anyway
