I'm not gonna tell you  
everything is great with you and I  
I dont wanna think that  
life is perfect all the time

you know you try my patience  
I know I do the same  
but you are the one who's guilty  
and I am the one to blame

why pretend that everything is wonderful  
why do that at all

it's not another love song  
that I will sing for you  
so dont expect to hear the words  
we both know are untrue  
it's not another love song  
not the same old lies  
where everything's a fantasy  
that always turns all right

I dont take it personally  
when I say I ned some space  
I know that I drive you crazy sametimes  
but what can I say

I never mean to hurt you  
I know at times I do  
there's no way around the ups and downs  
that every ne goes through

why pretend no one said it would be easy  
so why pretend at all

it's not another love song  
that I will sing for you  
so dont expect to hear the words  
we both know are untrue  
it's not another love song  
not the same old lies  
where everything's a fantasy

that always turns all right

I dont know how to fake it  
sometimes, sometimes the good  
sometimes the bad  
and I know there's nothing perfect  
but I know your it in the end

hey hey  
you know it's not

it's not another love song  
that I will sing for you  
so dont expect to hear the words  
we both know are untrue  
it's not another love song  
not the same old lies  
where everything's a fantasy  
that always turns all right

it's not another love song  
that I will sing for you  
so dont expect to hear the words  
we both know are untrue  
it's not another love song  
not the same old lies  
where everything's a fantasy  
that always turns all right

it's not another love song  
that I will sing for you  
so dont expect to hear the words  
we both know are untrue  
it's not another love song  
not the same old lies  
where everything's a fantasy  
that always turns all right
