I wake up with the morning sun  
and think about you  
I flip the radio to on,  
and think about you  
Your voice is going round my head  
I only hear you  
I'm acting like a lovesick girl  
with nothing to do  
but dream about what you do to me  
I'm inside out going crazy

Holding on to reason but my grip is slipping  
Barely hanging on

Cause all I'm wanting is you  
my mind is driving me insane  
you keep on messing with my brain  
got me corrupted and confused  
under the influence of you  
Just when I think I've had enough  
you got me falling for your love again  
what can I do, I'm caught under the influence of you

My heart is starting to defend  
these thoughts about you  
I'm almost tempted to confess  
but there's so much to lose  
my independence, oh what can I do  
I wish I could pretend that it's not true  
and no big thing, take it or leave it, yeah!  
you don't control my emotions

Hanging onto reason but my grip is slipping  
I'm all strung up  
Cause all I'm wanting is you  
my mind is driving me insane  
you keep on messing with my brain  
got me corrupted and confused  
under the influence of you  
Just when I think I've had enough  
you got me falling for your love again  
what can I do, I'm caught under the influence of you

Night & day  
here i go again  
It's hard to say  
baby I need you  
but who am i fooling

my mind is driving me insane  
Yeah  
You keep on messing with my brain  
Yeah

my mind is driving me insane  
you keep on messing with my brain  
got me corruped and confused  
under the influence of you  
Just when i think iv'e had enough  
you got me falling for your love again  
what can I do, I'm caught under the influence of you

under the inflence of you  
yeah  
under the inflence of you  
(under the inflence of you)
