Sometimes things are tough
and you don't know what to do.
You said it all but not enough, are we gonna make it
through.
Cause I don't wanna see the end of you and me.

So I wait by the phone,
will I ever hear from you?
Is it all said in stone,
is there nothing I can do?
I know what I want
but it all depends on you.
Yeah it all depends on you.

Every time I see your face, every time you walk away,
I'll be waiting here for you.
(I'll be waiting here for you)
And when my heart begins to race, everything falls into
place,
I'll be waiting here for you
cause I know you want me to.

As time moves on,
there's no one else but you.
I cant deny the love I feel for you.
I hope you'll see just what you do to me.(everything you
do)
Just what you do to me.

Every time I see your face, every time you walk away,
I'll be waiting here for you.
(I'll be waiting here for you)
And when my heart begins to race, everything falls into
place,
I'll be waiting here for you
cause I know you want me to.

Even if it takes forever,
I'll be waiting here for you.
Even if we're not together,
I'll be waiting here for you.
I know it might only,

only be a matter of time
until I make you mine..

Every time I see your face, every time you walk away,
I'll be waiting here for you.
(I'll be waiting baby)
When my heart begins to race, everything falls into
place,
I'll be waiting here for you
cause I know you want me to.

I'll be waiting here for you
(I'll be waiting here)
cause I know you want me to.
I'll be waiting here for you
cause I know you want me to.
When my heart begins to race, everything falls into
place,
I'll be waiting here for you...
