Right from the day, I saw your face, and it all just felt  
so right.

And when I look back, I see the smile, you gave to me  
that night.

Your are the gate right to my heart.

I wanna live like this forever and ever.

You're everything good to me

You make me free

You're everything I'll ever need

You're all I dream

You're everything

You make me complete

And now I can fly above the ground

Cause you're everything, you're everything.

Oooh yeah..

Its finaly clear now that your here, I've lost all that I  
fear.

I'll always embrace this fantasy place, this all just feels  
so real.

Under the sun, under the rain, just as long as I'm with  
you, with you..

You're everything good to me

You make me free

You're everything I'll ever need

You're all I dream

You're everything

You make me complete

And now I can fly above the ground

Cause you're everything, you're everything..

Not a lonly day goes by

With you right here by my side

You give me the strength

I can do anything, anything

When you are here

My mind is clear

You're everything good to me

You make me free  
You're everything I'll ever need  
You're all I dream  
You're everything  
You make me complete  
And now I can fly above the ground  
Cause you're everything, you're everything...

You're everything
