We take all the telescopes and we turn them inside out
And we point them away from the big sky
Push your eye right up to the glass now
And here we'll find the constellation of the heart

Steer your life by these stars
On the unconditional chance
It is here where hell and heaven dance
This is the constellation of the heart

We take all the telescopes and we turn them inside out
And we point them away from the big sky
Push your eye right up to the glass now
And here we'll find the constellation of the heart

The constellation of the heart
The constellation of the heart

We take all the telescopes and we turn them inside out
And we point them away from the big sky
Push your eye right up to the glass now
And here we'll find the constellation of the heart

The constellation of the heart
The constellation of the heart

Well we think you'd better wake up, Captain
There's something happenin' up ahead
We've never seen anything like it
We've never seen anythin' like it before
I want a full report
That's it?
What do you mean, "That's it?"
That's all you get
You'd better do somethin' 'bout it
What am I supposed to do about it?
We don't know, but you can't run away from it
Maybe you'd better face it
I can't do that
Come on, face it
Hell I can't do that
Come on, come on, face it

What am I gonna do?
Uhh, is it gonna hurt it, is it gonna hurt me bad?

Ooh, here's the constellation of the heart

Who said anything about it hurting?
It's gonna be beautiful
It's gonna be wonderful
It's gonna be paradise

Just bein' alive, it can really hurt
Ohh, find me the man with the ladder
It's gonna be beautiful
And he might lift me up to the stars
It's gonna be wonderful, it's gonna be paradise
Without the pain there'd be no learnin'
Without the hurtin', we'd never change
Ooh and if you see the woman with the key
It's gonna be beautiful
It's gonna be wonderful, it's gonna be paradise
Ah, I hear she's openin' up the doors to Heaven
Beautiful, wonderful
It's gonna be beautiful
Beautiful, wonderful
It's gonna be wonderful, it's gonna be paradise
Oh and here comes the man with the stick, oo
It's gonna be beautiful
It's gonna be wonderful, it's gonna be paradise
But he said, he'd fish me out of the moon
It's gonna be beautiful
It's gonna be wonderful, it's gonna be paradise
Beautiful, wonderful

Ooh, here's the constellation of the heart
It's gonna be beautiful
It is the constellation of the heart
It's gonna be wonderful, it's gonna be paradise
Oh yes
