Oh Davy, you may have many words
And many thoughts for you're near
You're so like a star upon me
So like a star upon me
To be one in your garden
Humming, humming, humming

Oh Davy, you may have many words
And many songs for you're near
You're so like a star upon me
So like a star upon me
To be one in your garden
Humming, humming, humming

Oh Davy, you may have many words
And many songs for you're near
You're so like a star upon me
So like a star upon me
To be one in your garden
Humming, humming, humming
