You'll find me in a Berlin Bar
In a corner brooding
You know that I go very quiet
When I'm listening to you

There's something special indeed
There's something special indeed
In all the places where I've seen you shine, boy
Something very real in how I feel, honey

It's in me, it's in me
And you know it's for real
Tuning in on your saxophone
Dah-bah-dah-bah-doo

The candle burning over your shoulder is throwing
Shadows from your saxophone, a surly lady in tremor
The stars that climb from her bowels
Those stars make towers on vowels

You'll never see that you had all of me
You'll never see the poetry you've stirred in me
Of all the stars I've seen that shine so brightly
I've never known or felt in myself so rightly

It's in me, it's in me
And you know it's for real
Tuning in on your saxophone
Dah-bah-dah-bah-doo
