Pray God you can cope

I stand outside

This woman's work

This woman's world

Oooh, it's hard on the man

Now his part is over

Now starts the craft of the father

I know you have a little life in you yet

I know you have a lot of strength left

I know you have a little life in you yet

I know you have a lot of strength left

I should be crying

But I just can't let it show

I should be hoping

But I couldn't stop thinking

All the things I should've said

That I never said

All the things we should of done

That we never did

All the things I should've given

But I didn't

Oh darling make it go

Make it go away

Give me these moments back  
Give them back to me

Give me that little kiss

Give me your hand

I know you have a little life in you yet

I know you have a lot of strength left

I know you have a little life in you yet

I know you have a lot of strength left

I should be crying

But I just can't let it show

I should be hoping

But I can't stop thinking

All the things I should've said

That I never said

All the things we should of done

That we never did

All the things that you needed from me

All the things that you wanted from me

All the things I should've given

But I didn't

Oh darling make it go away

Just make it go away
