Lord help
The poor and needy
In this land
In this land
Lord help
The poor and needy
In this land
In this land
When we all
Rise together
And face
The rising sun
Lord help
The poor and needy
In this land
In this land

Lord help
The gambling man
In this land
In this land
Lord help
The gambling man
In this land
In this land
When we all
Rise together
And face
The rising sun
Lord help
The poor and needy
In this land
In this land

Lord help
The sinner man
In this land
In this land
Lord help
The sinner man
In this land
In this land

When we all
Rise together
And face
The rising sun
Lord help
The sinner man
In this land
In this land

Lord help
The motherless children
In this land
In this land
Lord help
The motherless children
In this land
In this land
When we all
Rise together
And face
The rising sun
Lord help
The motherless children
In this land
In this land

Lord help
The war-torn peoples
In this world
In this world
Lord help
The war-torn peoples
In this world
In this world
When we all
Rise together
And face the rising sun
Lord help
The war-torn peoples
In this world
In this world
