No matter what has ever come to me
I got my own brand of company
I got da da da inside my head
And I play songs back to back until I got to bed

Wake up by myself inside an empty room
There's no body next to mine to oooh
But my skin is warm and my heart is full
It's the do do do do do do

Walking waking on a crowded street
With my headphones loud
So my hips can swing, so my head can nod
To the rock and roll to the boom boom beat

& I find that I'm never alone
& I find that my heart is my home
& the music within makes me whole
A world that I built on my own

& I know that I'm never alone
& I know that my heart is my home
Every missing piece of me
I can find in a melody

No matter what has ever come to me
I got my own kind of company
I got ba ba ba inside my head
And I sing songs back to back until I go to bed

There's a river in my mind that's never still
Swirling, soothing all the time gives me a thrill
Swimming in the notes that go
Oh oh oh oh oh oh

Wandering, waking in an empty wood
It is quiet here, I am powerful
I look down below serenade the world
From inside my soul

& I find that I'm never alone

& I find that my heart is my home
& the music within makes me whole
A world that I built on my own

& I know that I'm never alone
& I know that my heart is my home
Every missing piece of me
I can find in a melody

When the walls begin to creep in
And the sky is fallin down
When I'm swallowed up in feelings
I get lost inside the sound...
