I watch you sun it will fall when the day is done

And I'll care for you

Now the right time has begun to change

Time to look around you

Time to rearrange habits of life

CHORUS:

Can't you see the light shining thru me

Can't you feel the good it's doing to me

I can see clearly

I can see right thru you boy

Ah you smile at me

I open up like a flower in the rain

And the heavens shine above me

Again and again

I've changed as I look around me

Life's rearranged it's much better now

(chorus x 2)

And I've got the world in the palm of my hand

Gonna keep it spinning just as long as I can

I can see clearly

I can see right thru it all

(chorus x 2)

And now I've got this world

World in the palm of my hand

And I promise I'm gonna keep it spinning

Just as long as I can
