Another time another place
I'd feel worthy of your love
But I been stuck inside this cage
'Cause it's the only place I know
And I've been broken on the floor
So many other times before
Watching some one I trust
Walk out on me
So don't walk out on me...
I've always been unsure in love
I hated being vulnerable
But with you somehow I know
A love like this is everlasting
I got you underneath my skin
Can't you see the state I'm in
I decide to let you win
'Cause love like this is everlasting
Love like this is everlasting
Another time I would ignore
My tear stained cheeks and
Ask for more, believing
That's all I deserve because
I gamble I get burned
Love is just another savage game
I played and played and played
But it looks like fate has saved the best for me
Are you the best for me?
I've always been unsure in love
I hated being vulnerable
But with you somehow I know
A love like this is everlasting
Got you underneath my skin
Can't you see the state I'm in
I decide to let you win
'Cause love like this is everlasting
Love like this is everlasting
I don't wanna give up what we got
'Cause I'm not gonna ask what might have been
I don't wanna give up what I got
When I'm with you baby
I don't wanna give up what we got
'Cause I'm not gonna ask what might have been

Not for anything I'll take my chances with you baby
I've always been unsure in love
I hated being vulnerable
But with you somehow I know
A love like this is everlasting
'Round you I am someone else
Someone closer to myself
Took some time but I can tell
Love like this is everlasting
