In the morning, the imprint of your body on my sheets
Comfort and pain and peace
You made me remember what it's like to feel
something
I don't think I'll ever forget again
Cause we got high hopes high hopes high

(Chorus)

Beautiful darling, you make me believe it can all be
okay hope is a real
Thing
Beautiful darling believing in us, a cure for sadness
we'll stare down the
Dark at home in your heart
My beautiful darling,

Stay with me I don't wanna lose you again, I don't want
to leave anything
Unsaid
I'm done, staring at your number in my phone
When the sun comes up I don't wanna be alone
Yeah we got high hopes high hopes high

(Chorus)

Beautiful darling,
You make me believe
It can all be okay, hope is a real thing
Beautiful darling, believing in us, a cure for sadness
We'll stare down the dark at home in your heart

My beautiful darling
My beautiful darling
My beautiful darling

Beautiful darling, believing in us, a cure for sadness
We'll stare down the dark
Beautiful darling, you make me believe
It can all be okay, hope is a real thing
Beautiful darling, believing in us, a cure for sadness
We'll stare down the dark at home in your heart
My beautiful darling,

My beautiful darling
