You came over and delivered yourself to me like a telegram  
So I don't know where I am or how I got here  
I don't have a stamp  
I hadn't seen you for a while you looked like your picture only deeper  
And your smile was shy and your shirt, was a bit less ironed  
I don't believe in fate instead I could just melt again,  
someone must have noticed you  
And folded you up nice and even, and sent you  
And sent you, and sent you, to me

So don't apologise, just bring your suitcases inside  
Come on, come in, you don't have to say anything,  
hello  
Get out of the rain, here we go again  
Hello

The truth is you are an angel most of the time, I don't feel too guilty  
So when you look at me and I can see my dirty shadow,  
on your halo glow  
But I wanna keep things simple no complications, no late nights and no empty train stations  
Remember last time, we don't want it like that  
This time around, this time around, this time around.

But don't apologise, just bring your suitcases inside  
Come on, come in, you don't have to do anything, hello  
Get out of the rain, here we go again.  
Hello, oh hello

If we could save time, where would we keep it?  
If we could keep time, when could we use it?  
If we waste time, will it waste us to lead much like time,  
impossible to define?  
Impossible to define  
Impossible, no

But don't apologise, just bring your suitcases inside  
Come on, come in, you don't have to say anything,

hello  
Get out of the rain, here we go again.  
Hello, oh hello, oh hello  
Hello x 25
