You and me  
Were good together  
So good together  
Everyone said it

Before you left  
I'd never felt a love like that

More and more lately  
You get lonely  
You're no stranger to 3AM  
You call my number  
You call me just because you can

Cause you know I'll come  
Cause you know I'll helpless

And maybe this'll be the time I change your mind  
Maybe this'll be the time I change your mind  
Maybe this will be the night  
Maybe this'll be the time I change your mind

I drive for hours  
Round the city  
But I always end up on your street

One night I slept outside your house  
In my car  
It was freezing  
I was shivering, thinking maybe this'll be the time I  
change your mind

I know you know you know  
You can say it's not so  
It's like being in hell  
I fall for you over and over and over again

I know you're using me  
For comfort and company  
I use you too, to feed my fantasy

You will take what you need  
And I will take what I can get  
which isn't very much  
A little human heat, a little human touch

And maybe this'll be the time I change your mind
