Rain spat in my face, thanks a lot mate
And I lost a tenner on the way
Thinking about it, did I spend it last night
When I was drunk and I wanted to get more drunk

Missed the train, thanks a lot mate
I didn't want to be late today, cause I'm always late
And I really hate always being late
And now the other train is delayed... great.

Carrying bags and a navy taxi man said
"Take your time love
'Cause you don't have to rush
'Cause it's your life and it's no one else's, sweetheart
Don't let someone put you in a box."

So I take all that other stuff that I said before
And I'm gonna make it work
'Cause I'm losing my mind and it's driving me up the
wall

So I tried to help you carry your shopping
But I wasn't concentrating, I was talking
And I got it caught on the side of this thing and it split
And I'd try to help you walk along but I'd probably end
up pushing you over
But don't worry, I'll never let you fall

And I'm stubborn and I shout and I'll cut you out
And I'll make you feel like I never wanted to make you
feel

And I'm stubborn and I shout and I'll cut you out
And I'll make you feel like I never wanted to make you
feel

So I take all that other stuff that I said before
And I'm gonna make it work
Because I'm losing my mind and it's driving me up the
wall
And this time, it will be different,
This time, it will be different (x9)
