I woke up this morning, made a pot of coffee
Went out onto the stairs to sit in the sun
I haven't been myself, I know I haven't been much fun
But I woke up this morning and the air tastes different

The fire in the gut
Kills the worm that haunts us
I'm all shook up

And I'm gonna ride this feeling as far as it goes
I'm gonna ride this feeling
I don't know, I don't know
Whether I'm flying or falling
But I'm gonna ride this feeling

Then all of a sudden I knew I was dreaming
And for some reason I decided to take off my clothes
Then I jumped off a cliff, just spread my arms and flew
All the way across Canada to see you

The fire in the gut
Kills the worm that haunts us
I'm all shook up

And I'm gonna ride this feeling as far as it goes
I'm gonna ride this feeling
I don't know, I don't know
Whether I'm flying or falling
But I'm gonna ride this feeling
All the way down

The fire in the gut
Kills the worm that haunts us
I'm all shook up
It's alright, it's alright, just get out of the way, and ride

Ride this feeling
