I was sewing my leggings back together, but not very well.

I was standing by the dashboard when the plate, it sort of just fell.

Sometimes i think that I'm lucky, and other times I don't.

But most of the time i just think

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.

I was making the dinner and it sort of just burnt.
I was walking downt the stairs when i tripped, fell to the bottom, broke my foot, and it really fucking hurt.

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.

sometimes I think that you hate me.
And other times I think that you think I'm endearing
sometimes I just don't know you at all, even though i'd liketo think i was a bit of a know-it-all.

sometimes I'd just don't work you out even though I'd like to know what you were about.

well atleast I'm lucky I don't have all the power in the world so I can't fuck everything else up.
