I feel worried that my brain is just a fool in your sick
game

So I will never open my heart

I try to express how I feel

But it changes every day and so I'm finding it hard

Let's take life nice and easy

We could go somewhere breezy

But it gets so complicated

Everyone I fucking hated is in this room

And I need to get away

And I, I can't escape (I can't escape)

And I was thinking today

That I should think about taking

My life

My life

To a higher plane

To a higher plane

To a higher plane

To a higher plane

And I need to get away

And I, I can't escape (I can't escape)

And I was thinking today

That I should think about taking

My life

My life

To a higher plane

To a higher plane

To a higher plane

To a higher plane

To a higher plane
