She was waitin' at the station
He was gettin' off the train
He didn't have a ticket so he had to run through the
barriers, again.

Well the ticket inspector saw him rushin' through he
said, girl you don't know how much I missed you
But
We better run
Cause I haven't got the funds to pay
This
Fine
She said
Fine

So they ran out of the station
And jumped onto a bus with
Two of yesterdays travel cards
And two bottles of bud
And he said you look well nice.

Well she was wearin' a skirt
And he thought she looked nice and
Yeah she didn't really care about
Anything else because she only
Wanted him to think that she looked nice
And he did

But he was lookin' at her yeah
All funny in the eye
She said c'mon boy
Tell me what you're thinkin' now
Don't be shy

He said alright I'll try

Well the stars up in the sky
And the leaves in the tree
All the broken bits that make you trip up and the grassy
in between
All the matter in the world
Is how much that I like you

She said what?
He said let me try and explain again

Right birds can fly so high
And they can shit on your head
Yeah they can almost fly into your eye
And make you feel so scared
But when you look at them
And you see that they are beautiful

That's how I feel about you

Right birds can fly so high
And they can shit on your head
Yeah they can almost fly into your eye
And make you feel well scared
But when you look at them
And you see that they are beautiful

That's how I feel about you
Yeah that's how I feel about you

She said what?
He said you
She said what are you talking about?
He said you

Right birds can fly so high
And they can shit on your head
Yeah they can almost fly into your eye
And make you feel so scared
But when you look at them
And you see that they are beautiful
That's how I feel about you

Right birds can fly so high
And they can shit on your head
Yeah they can almost fly into your eye
And make you feel well scared
But when you look at them
And you see that they are beautiful
That's how I feel about you

And that's how I feel about you

She said thanks I like you too
He said cool
