Watching me like you never watch no one
Don't tell me that you didn't try and check out my bum
Cause I know that you did
Cause your friend told me that you liked it

Gave me those pearls and I thought they were ugly
Though you try to tell me that you never loved me
I know that you did
'Cause you said it and you wrote it down

Dancing at discos
Eating cheese on toast
Yeah you make me merry make me very very happy
But you obviously, you didn't want to stick around

Dancing at discos
Eating cheese on toast
Yeah you make me merry make me very very happy
But you obviously, you didn't want to stick around

So I learnt from you
Do do do da do do do do do da do do do do do da do
So I learnt from you
Do do do da do do do do do da do do do do do da do

I can be alone, yeah
I can watch a sunset on my own
I can be alone, yeah
I can watch a sunset on my own
I can be alone
I can watch a sunset on my own

I can be alone, yeah
I can watch a sunset on my own
I can be alone, yeah
I can watch a sunset on my own
I can be alone
I can watch a sunset on my own

Sitting in restaurants

Thought we were so grown up

But I know now that we were not the people
That we turned out to be

Chatting on the phone
Can't take back those hours
But I won't regret
'Cause you can grow flowers
From where dirt used to be

Dancing at discos
Eating cheese on toast
Yeah you make me merry make me very very happy
But you obviously, you didn't want to stick around

Dancing at discos
Eating cheese on toast
Yeah you make me merry make me very very happy
But you obviously, you didn't want to stick around

So I learnt from you
Do do do da do do do do do da do do do do do da do
So I learnt from you
Do do do da do do do do do da do do do do do da do

I can be alone, yeah
I can watch a sunset on my own
I can be alone, yeah
I can watch a sunset on my own
I can be alone
I can watch a sunset on my own
(do do do da do do do do do da do do do do do da do)

I can be alone, yeah
I can watch a sunset on my own
I can be alone, yeah
I can watch a sunset on my own
I can be alone
I can watch a sunset on my own
(do do do da do do do do do da do do do do do da do)
