"My Best Friend Is You"

You are my best friend
You are my best friend
You are my best friend

You are the most clever, most stupid, most whatever
You are the most honourable soldier, super hero, pretty
as a cat
You have integrity that I cannot concieve
You are opinionated, you are my belief
You are so good, you are so bad
You have experienced things I never have

You take me, you take me
You take me somewhere I have never been
You take me, you take me
You take me somewhere I have never been
