All I know is that you're so nice  
You're the nicest thing I've seen  
I wish that we could give it a go  
See if we could be something

I wish I was your favorite girl  
I wish you thought I was the reason  
You are in the world

I wish my smile was your favorite kinda smile  
I wish the way that I dressed  
Was your favorite kind of style

I wish you couldn't figure me out  
But you'd always wanna know what I was about  
I wish you'd hold my hand when I was upset  
I wish you'd never forget  
The look on my face when we first met

I wish you had a favorite beauty spot  
That you loved secretly  
'Cos it was on a hidden bit  
That nobody else could see

Basically, I wish that you loved me  
I wish that you needed me  
I wish that you knew when I said two sugars  
Actually I meant three

I wish that without me your heart would break  
Yeah, I wish that without me  
You'd be spending the rest of your nights awake

I wish that without me you couldn't eat  
Yeah, I wish I was the last thing on your mind  
Before you went to sleep

Look, all I know is that  
You're the nicest thing I've ever seen  
And I wish we could see if we could be something  
Yeah, I wish we could see if we could be something
