Picked you out my pocket, and you fell into the road  
You asked me if I'd make it better  
Asked me if we could grow old together  
But you don't mean a thing to me  
So I'll walk by quite happily  
And now I guess that you've moved on aswell

You took me to the bricks  
You start to build a wall  
Keep peace intact  
Protect your family  
Keep them from harm  
Live peacefully, but they came crumbling down  
The second you left town,  
And now your family are gone, are gone

Understand me, take me, fully  
Underground where I can not be found  
Understand me, take me, fully  
Underground where I can not be found

And a letter that you wrote  
That had been stashed inside my wall  
Telling me all about your life  
It had been there for a quite a while  
It skipped out certain chapters  
That I thought had really mattered  
And now I feel like I missed out

Out, baby out, get out of town  
Baby out, baby out, get out  
Baby out, baby out, get out of town  
Before it catches up with you  
And you cannot withstand  
Before it catches up with you  
And you cannot withstand  
Before it catches up with you  
And you cannot withstand
