Skeleton you are my friend,
But you are made of bone
And you have got no flesh and blood running through
you to help you take the bone
Skeleton we have been friends for years
And you have seen me through some trials and
tribulations
And some tears
But everybody thinks I'm weird

And I should have known
That it wouldn't be long
Until you
You've got me standing in an
Awkward position
With un-wanted attention
And a need for explanation
And it's
Not that I'm letting go of you
But I dunno what to do

Skeleton we are so close
But you have got no body so why do you insist on
wearing clothes?
Skeleton when we were young
It was easy, yea
Even though the other kids
They would tease me, yea
I was only 7 I had you
but now I'm 22

And now it's different
When I take you out
And you
You've got me standing in an
Awkward position
With un-wanted attention
And a need for explanation
And it's
Not that I'm letting go of you
But I dunno what to do

And sometimes,
At night,
I dream of the most terrible things,
I take a hammer and I creep out of bed
And I raise it high and I smash your head
Fibular and tibular and ribs and cages too,
In fact
While I'm here
I'll smash the whole of you

But skeleton you are my friend
And I could never bring your life to an end
Yeah skeleton you are, you are my friend
And I will be there for you until the end

And even though
When I take you out
You've got me
You've got me standing in an
Awkward position
With un-wanted attention
And a need for explanation
I could, I could never let you go
And that is all I know
And that is all I know
And that is all I, that is all I know
And that is all I know, know
