Don't ever hide
Believe inside
It's all a hope on you
Never forget
...
Or you will find the real you

If you know what I mean say, yeah
If you feel what I feel, yeah
Cuz things can only get better

If you're right in the club say, yeah
If you're banging the drum say, yeah
We can lose it together

[Chorus]

One life
One love

All you need in life is one love

One life
One love

All you need in life is one love

The air I breathe
Is pure and clean
And you should breathe it too
Just live a dream
Roll energy
It's taking over you

If you know what I mean say, yeah
If you feel what I feel, yeah
Cuz things can only get better

If you're right in the club say, yeah
If you're banging the drum say, yeah
We can lose it together

[Chorus]

One life
One love

All you need in life is one love

One life
One love

All you need in life is one love

[Bridge]

One love
One life
Everything will be alright

One love
One life
Everything will be alright

[Chorus]

One life
One love

All you need in life is one love

One life
One love

All you need in life is one love
