Imaginary really scary creatures  
Alive and dead  
Awake asleep and where am I  
This crazy dream  
This crazy scene  
This craziness has got me obsessed

Forever never ever comes around here  
This is a paranormal world in the middle of nowhere  
This is obscene, this isn't real  
Is this a dream cause I can't feel

Where am I - am I stuck here in Crazyville  
Don't know why, don't know why this is so unreal  
Take me in, take me out of this Crazyville  
Show me show me  
Sho-sho-show me  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat

This Psychopedia is so disturbing  
My head is spinning, everything is upside down  
Zimsalabim hey what you say  
Zimsalaboom wanna come out and play

Trick or treat, oh baby I'm the joker  
I am a victim of a magic accident  
Hocus Pocus I'm out of focus  
Monkey say, monkey do  
Bibbedibabbediboo

Where am I - am I stuck here in Crazyville  
Don't know why, don't know why this is so unreal  
Take me in, take me out of this Crazyville  
Show me show me

Sho-sho-show me  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat

Crazyville, Crazyville, crazy...

Where am I - am I stuck here in Crazyville  
Don't know why, don't know why this is so unreal  
Take me in, take me out of this Crazyville  
Show me show me  
Sho-sho-show me  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat

Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat  
Normal me normal me  
Where you hiding, where you at  
Normal me normal me  
I'm the rabbit in the hat
