Lyrics: Yves Jongen

Music: Yves Jongen

I'm on the highway alone.
Got my radio on.
My mind is drifting to each song
I can't go back nonono
I'm moving on without you.
I don't know where I'm going to
I'm driving far away from you
Doesn't matter where to
Until the morning comes in you
Until my tears are as cold as you

Refrain:

I'm driving away from you
I don't know where I'm driving to
I'm driving away from you
And I'm here thinking about you

I took my keys and locked my heart
I let the distance drive us apart
If I didn't leave I still be here
On a OneWay Street going nowhere
Until the morning comes in you
Until my tears are as cold as you

Refrain:

I'm driving away from you
I don't know where I'm driving to
I'm driving away from you
And I'm here thinking about you

A kind of dust is leaving
Until reaction I can't believe it
Too many exits of your lies
Too many secrets in your eyes

I'm driving away from you...
I'm driving away from you...

When the tears can come to you
And the feels of love to you
Until the morning comes to you
When the tears can come to you
And the feels of love to you

I'm driving away from you.
I don't know where I'm driving to.
I'm driving away from you.
And I'm here thinking about you.
