Follow the sound that is far away
'Cause, the love that I found
Becomes stronger everyday

Please take my hand so we can fly away
Then you'll understand
That the love I have for you will always stay
Can't we fly away?

Reach your hand and follow me
Let me be your fantasy
Lift me higher now
Lift me higher now

Let the music take control
Of your body and your soul
Lift me higher now
Lift me higher now
Lift me higher

Reach your hand and follow me
Let me be your fantasy
Lift me higher now
Lift me higher now

Let the music take control
Of your body and your soul
Lift me higher now
Lift me higher now
Can't we fly away?
