Damn you I'm falling in a trap
You're cool don't know where you at
Damn you I know it's all a play
You never used to act this way

I'm slamming doors
Trying to break the walls
I'm giving it more
But you don't give at all

You are nothing without me
Damn you
the way you're handling me
Right now I'm gonna show you
How I can be
As cold as you,
As loud, as proud as you
Tell me now,
Tell me what you're gonna do

I'm slamming doors
Trying to break the walls
When I look at you right now
I see a man who falls

You are nothing
I know how it's gonna be
'cause you can't live without me
'cause you are nothing without me

Watch me now I'm growing
Watch me now I'm glowing

You are nothing without me
