Leave your worries all behind
'Cause my love is calling you
The room is dark, nothin' to find
Can you hear my heartbeat screamin'?

Leave your bad thoughts all behind
'Cause my love is calling you
So close your eyes, follow the sound
Of my heartbeat that is screamin'

Leave your worries all behind
The room is dark, nothin' to find

Don't hide your feelin's, let's go dreamin'
Don't hide your feelin's, let's go dreamin'
Don't hide your feelin's, let's go dreamin'
Don't hide your feelin's, let's go dreamin'
Have no fear 'cause my heart will scream for more

Leave your worries all behind
'Cause my heart is calling you
The room is dark, you're in my mind
Can you hear my heartbeat screamin'?

Close your eyes, give me a sign
'Cause I'm here to follow you
You're in my heart, you're in my mind

Don't hide your feelin's, let's go dreamin'
Have no fear 'cause my heart will scream for more
Let me stay with you all night long, baby

Don't hide your feelin's, let's go dreamin'
Have no fear 'cause my heart will scream for more
Let me stay with you all night long, baby

Leave your worries all behind
The room is dark nothin' to find
