I wasn't meant to kiss your lips
I don't know why I did
Confuses me to feel like this
But I can't resist
I told myself to just hold back
Really take it slow
I don't know how it went so fast
But what I know is

It wasn't meant to be this way
What a sweet mistake
I never knew there'd come a day
When a step I took could turn my fate
It wasn't meant to be this way
What a sweet mistake (sweet mistake)
'Cause I love, I love
I love to feel this way

I don't know how you got this far
How you got so deep
I was the queen, the queen of hearts
My love was mine to keep
It was a game I used to play
And I'd always win
Until I fell and lost my way
I let you in

It wasn't meant to be this way

What a sweet mistake
I never knew there'd come a day
When a step I took could turn my fate
It wasn't meant to be this way
What a sweet mistake (sweet mistake)
'Cause I love, I love
I love to feel this way

Tell me how to be
I can't help myself
You gotta believe
I would do it all again

Tell me how to be
I can't help myself
You gotta believe
I would do it all again
And again, and again

It wasn't meant to be this way
What a sweet mistake
I never knew there'd come a day
When a step I took could turn my fate
It wasn't meant to be this way
What a sweet mistake (sweet mistake)
'Cause I love, I love
I love to feel this way

What a sweet mistake
What a sweet mistake
