I ain't tapping on the table 'til
You get home
Waiting for my man here all alone

I ain't tapping on the table 'til
You get home waiting here waiting here

When our love has hit the ground
You want me to pick it up
When I hold it in my hands
You tell me to let it drop

What do you want from me
What do you need from me

When you got it all you're gone
On top of the world you're strong
When you're money's down my phone
Keeps ringing all night long

What do you want from me
What do you need from me

I ain't tapping on the table 'til
You get home
Waiting for my man here all alone

I ain't tapping on the table 'til
You get home waiting here waiting here

Oho, I'm gonna be out all night
Oho, have a fickle flirt that's right

Should you have all the fun
I ain't no freaking nun
I've been around the world
I know how it's done

What do you want from me
What do you need from me

Lets dip to the club, come on
Hot ladies teaming up, come on
Got my own dough stack, ahah
I hate holding back, ahah

Let's steam up the place, come on
Wind you're waist to the bass, come on
Throw your hands in the air, ahah
Let them fellas know you're here, aha

I ain't tapping on the table 'til
You get home
Waiting for my man here all alone

I ain't tapping on the table 'til
You get home waiting here waiting here
