I'll bring you love
Fresh love for you each day
I'll bring you love
Bright love to light your way
I'll bring you joy
Enough to feel your heart
Enough to keep you won... while will apart

I'll bring you dreams
To share the hall might true
Until the time
I shary each night with you
I'll bring this precious things
That money cannot fight
I'll bring you love
Until the day I die

I'll bring you love
Mm-mm mm-mm mm-mm
I'll bring you love
Mm-mm mm-mm mm-mm
La la la la
La la la la la la
La la la la la
La la la la

I'll bring you dreams
To share the hall might true
Until the time
I shary each night with you
I'll bring this precious things
That money cannot fight
I'll bring you love
Until the day I die

La la la la
[Fade out]
La la la la la la
La la la la la...
