You're the lover that I sigh for  
The wonder I even life for  
The wonder I would have died for  
You're the lover that I cried for

Malagueña hear me sighing  
For you left me sad and lonely  
Can't you see  
That you're my one and helming  
Malagueña hear me crying  
Can't you see  
My heart is dying  
Can't you me  
Oh why employ you  
I love ev'ry thing about you  
My life is nothing without you

Malagueña hear me saying  
For you left me sad and lonely  
Can't you see  
That you're my one and helming  
Malagueña hear me crying  
Can't you see  
My heart is dying  
Can't you me  
Oh why employ you  
I love ev'ry thing about you  
My life is nothing without you  
Malagueña aha aha
